Abundance Succeeds in GlobalGiving's Accelerator, Becomes Recognized Partner of GlobalGiving

(July 6, 2018) Abundance announced today that they have graduated from the GlobalGiving Accelerator program, gaining entry into the GlobalGiving marketplace and becoming a recognized partner of GlobalGiving. As part of the Accelerator, Abundance successfully raised \$5,538 from 60 unique individual donors to support their project, "Build an eLearning Center in rural Malawi!."

"We're thrilled to have Abundance as part of our community. Abundance has met our rigorous vetting standards for trust and community support, and we're committed to providing tools, training, and support as they learn, grow and become more effective," said Mari Kuraishi, President and Co-Founder of GlobalGiving. "GlobalGiving donors value the opportunity to support nonprofits like Abundance, knowing that they'll get regular updates about how their donations are put to work."

"eLearning provides many benefits to rural community, as through this they can stay up-to-date with information that can help improve their lives. We therefore sought help of Global Giving to fundraise for setting up an eLearning center at the village we work in. We were excited to be part of Global Giving's June Accelerator. Our entire team worked hard to connect with friends and with everyone's help we raised funds above the target and ahead of the deadline! Now the dream of setting up an eLearning Center at remote rural Mbanda village will soon be a reality" said Ruth Mumba, Director of Abundance.

"There are so many people around the world who want to make a difference. We received donations from USA, UK, Canada, Malawi,

Singapore, South Africa, India, Qatar, Swaziland and many more. We can't thank them enough for their generosity. We want to assure all donors that every penny donated would be used to set up the eLearning Center at Mbando village and we would be posting regular updates on this", said Co-Founder of Abundance, Deepa Pullanikkatil. The funds received would be used to purchase solar panels, Keepods, laptops, furniture and for holding training sessions at the eLearning center.

Having participated in the June 2018 Accelerator program, Abundance has been vetted and approved by GlobalGiving and are now recognized partners of GlobalGiving. Here is the link to Abundance's project: <http://goto.gg/33386>

About Abundance:

"Abundance" is a non-profit organization working towards creating better lives for humans and caring for nature. Abundance works in a remote rural village Mbando located in Machinga District of Malawi. It is an idealistic and optimistic organization, mostly driven by volunteers and using an integrated development approach to achieve its vision of spreading abundance and reducing lack. Visit www.abundanceworldwide.org for more details.

About GlobalGiving:

GlobalGiving is the first and largest global crowdfunding community that connects nonprofits, donors, and companies in nearly every country around the world. GlobalGiving makes it possible for local organizations to access the funding, tools, training, and support they need to become more effective and make the world a better place. Any registered nonprofit is welcome to apply for the GlobalGiving Accelerator Program: GlobalGiving.org/accelerator/
